# BOGÁNYI PIANO

„A new beauty in sound and design.”

World renowned, Hungarian pianist, Gergely Bogányi, had a burning desire to add a new beauty to the way the piano looks and sounds. So he introduced modern innovation to the last 200 years of almost unchanged piano tradition. The result is a new dimension of sound and design in the Bogányi models. The designer who has brought the astounding shape and concept of the Bogányi piano into real life form and details is Hungarian industrial designer, Péter Üveges.
